DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 and 10-17 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record, when viewed alone or in combination, fails to teach or suggest "the antenna and battery further being situated in close proximity to each other...thereby preventing the antenna from becoming de-tuned as a result of variations in the position of other circuitry...also such that the battery is a ground plane for the antenna" in combination with the rest of the limitations of independent claim 1. Similarly, the prior art of record fails to teach or suggest "preventing the planar antenna from becoming de-tuned as a result of the position of other hearing aid circuitry...by disposing the planar antenna...in close proximity to a battery...and arranging the battery as a ground plane for the antenna" in combination with the rest of the limitations of independent claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
